SUNDAY SCHOOL PICNIC

The M. P. Liberty Sunday School, north of town, had a picnic at Mendon Spring last week. About 150 were present, and a pleasant time for all. It revived the memory of happy school days for many, and a good social time in general.

The Spring was dry but a committee hauled water and with plenty of ice, soda pop and lemonade the crowd had plenty to drink.

About the noon hour the well filled baskets were brought forth, and a bounteous dinner spread, and the fine coffee made by Mr. Chitwood shows he is a lover of the drink and an excellent hand to prepare it. It is needless to say the dinner was enjoyed by all.

The amusement for the afternoon was two ball games. The first being the young ladies against the married ladies. The sun shone hot but was unheeded by the participants in the game. All did their best, resulting in favor of the married ones.

The next game was the young men against the married men. It is not known whether the married men ate too much dinner or were not use to that much genuine hard work, for the young men were too spry for them and won the game, after which cool drinks were partaken of, and good social chats with friends, and in the cool of the evening all departed home having spent a pleasant day, and hoping that next year the Sunday school will have another such occasion.

Thanks are extended to Mr. Will Davis, our superintendent, his wife and those assisted them in making the picnic a success.

Here is hoping for many more such enjoyable occasions.
